College Visits
215 East Bay Street
Charleston, SC 29401

April 2006

Dear Bob,

This is the first year that we have organized a college tour for our students. We did so with a mixture of excitement and trepidation. Our trip was an ambitious one – eighteen students visiting six cities and nineteen colleges in seven days. Because of your efforts and professionalism, our experience could not have been better. The colleges were all notified of our arrivals, hotel were ready and waiting each night, and buses were right on time and exactly where we needed them to be. Despite the mammoth undertaking and countless details, our trip was surprisingly stress free! We will definitely be using College Visits next year. Many thanks to you and your staff.

Sincerely,

Dr. David A. Crynes
Director of College Counseling
