Since 1991, students, parents, and counselors from across the world have joined our tours. Some of their comments:

**"I really enjoyed the tour and have found a few colleges that I will apply to. There was a good balance between visits and fun time. I was able to get to know some of my classmates better."**

**"Before this tour I was certain that I knew where I wanted to attend college, but now I have discovered other options. There is a school out there for everyone. It is just a matter of finding it."**

**"It was great to see so many campuses without having to organize all of the visits myself. It was a very educational experience. I learned a lot about colleges that prior to the tour, I did not know much about."**

**"Good chance to see many schools I would not have otherwise seen."**

**"I feel like I have an educated opinion about the schools out there. This information will help me in my college-decision process."**

**"It let us experience the "feeling" of the schools as well as getting good information."**
